DR. MAKLER WINS ELECTION

The first contested election for AFLA president since 1938 resulted in a victory for the incumbent and regular nominee, Dr. Paul Makler, by a margin of 11 votes. Only 11 ballots were cast, nine of which were blank or abstained.

STATEMENT FROM JACK BAKER

I believe the election stimulated a keener interest in the League's administration and affairs, and take this opportunity to express my gratitude to those who campaigned in my behalf and who supported me by ballot. Although we sometimes may have different opinions, our bond is sharing the same dedication to fencing. It is now essential that we give our full cooperation to the elected officers and work for the continued growth of our sport.

With your permission I am cutting in at the front of the line and offer my best support to our President, Dr. Makler.

Jack Baker

LAWRENCE OLVIN

As we went to press we received notice of the sudden death of one of fencing's most devoted friends. A promoter and teacher of the sport in our high schools, reliable organizer and official, former chairman of the Metropolitan Division, Larry Olvin leaves a big gap. He died August 30, 1963.

Our deepest sympathy to his wife Margaret. JRdeC

ROGER DUCHAUSSAY

We regret to report the death of M. Duchaussey, on July 17, 1963. Editor of the official organ of the F.I.E. and the French Federation, "L'Escrime Francaise", he was also a former Secretary General of the French Fencing Federation. His life-long interest in the sport made him an erudite authority on fencing matters and the fencing world has suffered a great loss.

Our profound condolences to Madame Duchaussey and his son Claude. JRdeC

PRESIDENT'S ANNUAL MESSAGE

During the past year the AFLA underwent some drastic changes. We changed from a local to a central billing system and we altered our dues structure. It was feared by many that these two changes would disrupt the League, and indeed there was some momentary confusion until the proper system was established. After that things ran more smoothly than before. There have been appreciably less complaints that the magazine and other mailings are getting misdirected and, despite some gloomy predictions, our membership is about the same size as the previous year — the dues increase notwithstanding. Some minor changes in the billing system this year will add to its efficiency.

The AFLA became incorporated during the year. There will be a number of procedural matters needed this year in order to transfer the affairs of the AFLA to the AFLA, Inc. and these will subsequently be spelled out to the League membership.

There is no need at this time to dwell on the splendid achievements of our fencers in the Pan American Games, but I would like to point out that under the auspices of the Olympic Fencing Committee a training camp was again held in the East and an Olympic development clinic in Milwaukee. Another clinic is scheduled for Ohio in August 1963 and plans are in progress for a California clinic in January 1964.

U. S. fencers competed in London, in the Criterium des Jeunes in Ghent, five U.S. fencers are going to Tokyo in October, and a number of our fencers are competing in the World Championships in Poland at the time of this writing. If we add the NYCA International Tourney and Canadian and Mexican competitions to this list, it is clear that we are quite active in international fencing. It should be pointed out that none of the activities noted above was financed by the AFLA. In addition, there was U.S. participation in a considerable number of military and pentathlon international events. For the first time the U.S. won the CISM fencing championship.

In the season now beginning there are four major areas in which we must concentrate. First, the 1964 Olympics, with all the necessary training, tryouts and selections, will demand effort from many people — not merely the candidates and the selection committee. Secondly, the publication of a new rules book (and the antecedent revision of our rules, constitution and by-laws that should be done before the book is published) will require careful committee work and probably special meetings of the League and the Board of Governors. Thirdly, the assumption of the offices of Secretary and Foreign Secretary by new men will undoubtedly produce changes that will need cooperation from divisional officers and many others. Mr. Orsi has indicated plans that will undoubtedly benefit the AFLA if he is given all possible assistance.

Lastly, I must speak of a matter in which I am personally concerned. The AFLA has just gone through its first contested Presidential election in a great many years. Naturally I am pleased and proud to have won. I am also proud that neither of the candidates, Jack Baker or myself, indulged in a "mud slinging" campaign. In the heat of political struggle, however, there did occur "mud slinging" and personal antagonisms. I for my part will bear no malice, and ask all good AFLA members to adopt the same attitude. We cannot afford to have the election disagreement perpetuated into a lasting schism. Both sides included good, hard working, valuable men and women who love fencing, and they must not be lost to the League. Both on a local and a national level we must all pledge ourselves to see that two parties do not develop. We all have the same goal and we are all working hard for it. Even if there are disagreements on methods and on minor details we must believe in each other's good will and good intent. In my mind the most important task at this moment is to forget and efface any hostility that the last few months have engendered.

Dr. Paul T. Makler

OLYMPIC COMMITTEE

By Dr. Paul T. Makler, Chairman

The Fencing Games Committee met in Los Angeles on July 6, 1963.

It was decided that there would be no special qualifying event held in the Southwest section. Fencers from that area will be permitted to enter the Pacific Coast, Midwest or Eastern events. This decision was made because now that the Pentathlon group no longer belongs to the Southwest section, the strength there does not compare satisfactorily with that of the other three. The committee considered carefully the problem of how a strong fencer in a weak section might have an opportunity to earn the maximum number of points. It voted to permit all fencers to enter any one of the three first regional qualifying events scheduled for January 1964.

The second qualifying events, scheduled for March or April, will be the following:

Pacific Coast Championships, Midwest Championships, East Coast tryout. Only members of the section may compete in the first two mentioned, but the East Coast event is open to all fencers, and any member of the Pacific Coast or Midwest who wishes to have the East Coast event (rather than his sectional) count as his qualifying event for Olympic points, may do so by informing the Olympic Committee before any of these events is held.

With regard to illness or injury preventing a fencer from competing in one of the events, the Committee decided as follows: no one will be excused from the 1964 National Championships; of the three earlier qualifying events, the Committee will consider — in all cases — the two best results.

No one will be excused from the qualifying events except in the following cases: Recognizing that civilian citizens living outside the contiguous 48 states cannot be expected to attend the four qualifying events, it was decided that such fencers would be judged solely on the basis of their showing in the 1964 Nationals. If they make the finals they will be permitted to fence in The Olympic Tryout at the World's Fair, along with those fencers selected on the basis of cumulative points. In the final selection of the Team, these "extra" fencers will have their results considered on a pro-rata basis, while the others will be on an absolute number of points earned.

No change was made in the point weighting system reported in the May 1963 issue of American Fencing.

Since no mathematical point system is infallible if carried to extreme, two or more competitors will be considered TIED for team selection (or for the Olympic Tryout in July) if the difference in their point scores is LESS than the aggregate time and strength factors involved in the difference of one place in the qualifying events. This is the same definition of a "tie" as used by prior Olympic Committees.

Entry fees of \$3.00 will be charged for the one Pacific Coast, one Midwest and two Eastern qualifying events to be held under the auspices of the Fencing Games Committee.

AFLA ANNUAL MEETING

by Anthony J. Orsi, Secretary

The meeting was held at the Hotel Statler-Iton in Los Angeles on July 6, 1963. After the reading of the minutes of the 1962 meeting Dr. Makler reported that AFLA Inc. has been established as a Pennsylvania non-profit corporation.

The Secretary reported that membership is 2,839.

The Foreign Secretary reported that Japan had invited five fencers to a competition in Tokyo. The selection committee chose Larry Masrasi, Mike Dasaro, Eugene Hamori, Al Morales and Ed Richards, with Albert Axel-J, Frank Anger and Paul Pesthy as alternates.

Sectional reports were received from Jack Ker (Pacific Coast) and Larry Silverman (Midwest).

Election of Officers

The mail vote for president was checked and counted by duly appointed tellers and the results were:

Dr. Paul Makler 358

Jack Baker 347

There were 5 blank ballots and 4 abstentions.

The officers for the 1963-1964 season are:

President—Dr. Paul Makler, Philadelphia

Vice President—Roger Jones, Philadelphia

2nd V. P.—Jack Baird, Gulf Coast

3rd V. P.—Jack Baker, No. California

4th V. P.—James Campoli, Michigan

Secretary—Anthony Orsi, New Jersey

Foreign Secretary—Norman Lewis, Metropolitan

Treasurer—Leo Sobel, Metropolitan

National Nominating Committee

The following were elected to present to the membership a slate of officers for the 1964-1965 season: Ed Richards, North Atlantic, chairman; Dave Logan, Southwest; Janice Romary, Pacific Coast; Robert Russell, Metropolitan; Donald S. Thompson, Midwest.

Amendments to By-Laws

The following amendments were passed:

Chapter III, Section 3: next to last sentence, second clause, change "March" to "April".

Chapter III, Section 4: first sentence, change "April" to "May".

Chapter III, Section 7: add two new sentences at the end, to read "Proxy votes on amendments to the Constitution or By-Laws are not valid unless the proxy statement contains a written declaration of whether it is to be voted for or against said amendments. It may of course be voted only in the way so designated."

Chapter V, Section 2: first sentence, change "April" to "May".

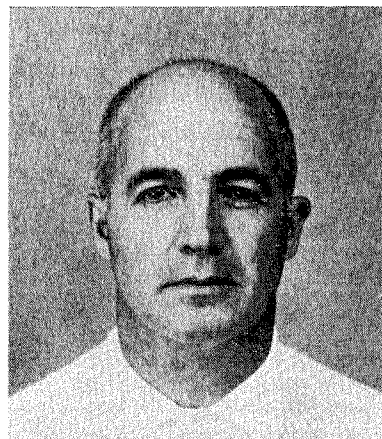

Chapter V, Section 3: change "April" to "May".

Chapter VI, Section 10 (c): first sentence, add "until the next annual meeting of the Board at which time they may be destroyed." In third sentence, change "five days" to "45 days".

Chapter XI is renumbered to **Chapter XII**

New Chapter XI: Rules of Order — The Rules contained in Robert's Rules of Order Revised (75th Anniversary Edition) shall govern the League in all cases to which they are applicable, and in which they are not inconsistent with the Constitution, By-Laws or the special rules of order of the League. The normal form of debate during meetings will be informal consideration."

A proposed amendment reducing Collegiate National dues to \$3.00 was defeated 185 to 17.

ANTHONY J. ORSI
Secretary

"Tony" has been an active member of the AFLA since 1937. Prior to 1940 he won the Hammond Foil and several foil and sabre events in New York and New Jersey. His pride at that time was placing second to Dr. Bukantz, with Dean Cetrulo third.

He turned professional in 1940 as assistant to George Santelli and later taught at Dartmouth and Middlebury. War cut short his professional career. After the War he worked in the engineering department at Curtis Wright Aeronautical and resumed his interest in amateur fencing. The Board reinstated him to amateur status in 1946. Since then he has helped to organize many new clubs and to promote the sport in various schools in New Jersey.

He served as chairman of the N. J. Division for several years and has been active in the growth of the Jr. Olympic program both in the State and in the North Atlantic section. He has been on the Board of Governors several years and is determined to improve communications with the Divisions.

He is a successful contractor and builder.

JRdeC

NORMAN LEWIS
Foreign Secretary

"Normie" is one of our great Champions and Olympic fencers. He was a finalist in the 1948 Olympic Epee Championship and won the National Epee Championship for three consecutive years (1948, 49, 50), a feat duplicated only once in our history and that by Tatham back in 1901-02-03. He was also selected for the 1952 Olympic Team but was unable to go because of business. He was National Foil Champion in 1939 and runner-up in 1940.

He is a product of N. Y. high school fencing (PSAL) and was developed at N.Y.U. by Julio Castello and later at the Salle Santelli by George Santelli. While at college he was inter-collegiate champion and varsity captain, and in open competition won several Metropolitan titles in foil and epee. He served on the Board of Governors several years.

He is fluent in French and has a charming wife who is multi-lingual. He is a CPA and a successful business executive.

TRAINING CAMP

by Hugo M. Castello

The second annual "Olympic Training Camp" was held from June 1 to 16 at the State Teachers College in East Stroudsburg, Pa. A total of 45 fencers and 6 instructors participated in the two week period, although everyone could stay for the full program.

Under the direction of Hugo Castello, the help of Michael Alaux, Louis Bankuti, Louis Csizsar, Edward Lucia and Stanley Janja led the trainees in an intensive program of fencing instruction, calisthenics, mobility training, and running. Competitions were held on weekends, and in the evenings members of staff gave lectures and led discussions on fencing strategy, tactics and rules. Joseph Janja, the Pan Am Team armorer, gave two lecture-demonstrations on the electrical foil and epee systems.

The participants again resided in cabins at the camp site donated through the generosity of Dr. Paul Makler. The Pocono mountain atmosphere and the hard training produced hearty appetites and sound sleep.

KANSAS WINS CONNECTICUT TROPHY

by Mrs. W. J. Latzko

The new rules (May 1963 issue) are designed to give every division an equal chance to compete for the trophy. The various categories are weighted in such a way that a division keeping pace with the League may receive 100 points in each, for a total of 300 points. Extra effort in a category increases the score. Unfortunately 32 divisions failed to report their results by the closing date and therefore could not be considered. The standings are:

1. Kansas, 484 pts.;
2. Minnesota, 461 pts.;
3. Gulf Coast, 447 pts.;
4. Fla. Gold Coast, 362 pts.;
5. Colorado, 350 pts.;
6. So. California, 343 pts.;
7. Kentucky, 332 pts.;
8. Maryland, 324 pts.;
9. Long Island, 320 pts.;
10. Arizona, 318 pts.;
11. New England, 297 pts.;
12. St. Louis, 290 pts.;
13. No. California, 272 pts.;
14. Philadelphia, 253 pts.;
15. New Jersey, 224 pts.;
16. Delaware, 164 pts.

The following two divisions had no activity other than membership reported, so their score is lower than it could have been: Border, 147 pts.; Indiana, 38 pts.

INFORMATION, PLEASE

Recently a small group from the U.S. attended the Para-Olympic games in England. Two girl paraplegics who had only three weeks training from some one at the University of Chicago competed. We are setting up a program to teach fencing to paraplegics and would like information as to the rules under which they may fence foil and sabre, as well as suggested lessons for those confined to wheel chairs. I coach at the Jewish Center of Buffalo and assist Sid Schwartz at the University.

Any one who can give us suggestions or has any experience teaching in this field, please contact me.

THE 1963 NATIONALS

by Harold Goldsmith,

Bout Committee Chairman

The Fencers Club of New York won the Martini & Rossi Trophy for the first time in 1959 by the slimmest of margins. The New York AC and Salle Csizsar tied for second one point behind the winning total of 41. The Modern Pentathlon was fourth with 30 points. The Fencers Club thus was the only serious contender with a women's team and this undoubtedly made the difference.

It is difficult to select an outstanding individual competitor, but we must mention Al Keane who fenced brilliantly to help his tathlon team win the epee and three-point events and was the highest among Olympic eligibles in placing third in the individual sabre; Mike Dasaro whose fifth place in sabre was a disappointment but who placed third in the foil; Ed Richards who not only retained his foil crown but was a sabre finalist and helped the AC retain its sabre team title; Larry Linkmeyer who won the epee title and was the key man in three of the finalist Salle Csizsar teams; Albert Axelrod who placed second in foil, lead his team to retain the title in that weapon, and fenced most effectively to help his team take third; Harriet Werre who not only won the women's title but without question established herself as the top woman fencer in the country.

With the exception of the women's event (superior persuasiveness of the weaker sex) team championships were run on a direct elimination basis after the field was reduced to eight. Seedings for the top four and bottom four were decided by lot. This somewhat forced a meeting of teams from the epee section in the first direct elimination round, but at least was impartial. A reduced number of composite teams did little to decrease the number participating and bodes well for future Nationals when composites are not permitted so that the event will be determined by the champion club of the country.

For the first time in a Nationals, the preliminary pools and their officials were posted the evening prior to each individual event. There was no need for competitors to check

in with the Bout Committee and all events began within 15 minutes of the announced time. The early posting of pools and the double sets of reels on each strip for all electrical events were major factors in completing the events at a reasonable hour. The Bout Committee believes both techniques should be made mandatory for future Nationals.

The Nationals were very well organized — a fact that we have come to expect from Southern California and its Chairman, Fred Linkmeyer. We would be derelict if we did not thank the many individuals whose help was invaluable. Special mention is due to Ned Drago who did a superb job as Chairman of the Electrical Committee, and to Warren Dow whose love of fencing brought him to Los Angeles at his own expense and who worked twelve to fourteen hours each day to keep the events running smoothly.

FOIL INDIVIDUAL

JOHN ALLAIRE MEMORIAL TROPHY

- Champion:** Edwin Richards, New York AC
2nd: Albert Axelrod, Fencers Club
3rd: Michael Dasaro, Modern Pentathlon

Ed Richards of New England and the NYAC was undefeated in retaining the foil title. Ed thus has the enviable record of being undefeated in the event two consecutive years. Fencing historians might well review the records to determine whether this stupendous performance has been achieved previously.

Albert Axelrod lost only to Richards, 5-4. A surprising third went to the versatile Mike Dasaro and undoubtedly his superb physical condition was a major factor in his achievement. Robert Russell of Salle Santelli gained a well deserved fourth place. Although his excellent technique has been effective only sporadically in the past, increased confidence should make his future performances more consistent.

Three members of the Pan American Team (Anastasi, Davis, Zombolas) were eliminated prior to the final, as were last year's ranking fencers Glazer, Goldsmith and Grafton. It is increasingly apparent that consistency of result is no longer a general attribute of foil fencing. Whether this is due to greater strength among more fencers, or a general reduction in proficiency remains an open question.

WOMEN'S TEAM

A.F.L.A. Trophy

Champion: Fencers Club (Brill, Dalton, Dardia, Sokol)

d: Salle Santelli (O'Connor, Santelli, Terhune)

f: Halberstadt S.F. (Angell, Barkdull, Huddleson, Johnson)

The Fencers Club won the title by a margin one bout victory after tying with the 1961 champions from the Salle Santelli. The champions had defeated Santelli 5/4 in the regular final, but lost 5/4 to the Salle Vince. This is the first time that Vince has had a men's team in the Nationals since before World War II when his girls were a constant threat. It is interesting to note that member of the Vince team was Mrs. Tabori, one of the great Hungarian track stars.

WOMEN'S INDIVIDUAL

A.F.L.A. Trophy

Champion: Harriet King, Salle Lucia

2nd: Maxine Mitchell, Los Angeles FC

3rd: Alice Gerakin, Faulkner SF

Miss Harriet King of Long Island and the Salle Lucia, after placing second last year and third the two previous years, finally became a bride with a 7/1 record in the final. She fenced with good technique and was in control throughout.

Veteran Maxine Mitchell continues to defy the "experts" who feel she is past her prime. By taking a clear second only one bout behind the champion, Mrs. Mitchell has apparently decided "If you can't convince 'em, outlast 'em".

In third place was Miss Alice Gerakin whose strong game and good footwork are attributes noticeable in Faulkner trained fencers.

It is evident that the West Coast continues by and large to dominate women's fencing. Nor does this observer see any change soon:

EPEE INDIVIDUAL

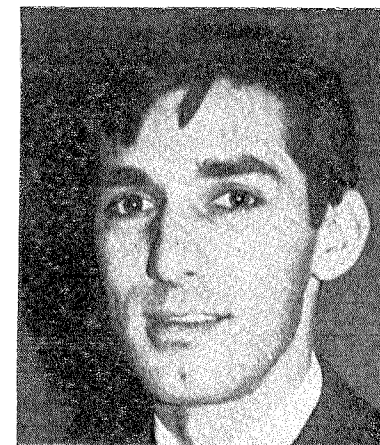

W. Scott O'Connor Memorial Trophy

- Champion:** Lawrence Anastasi, Salle Csiszar
2nd: Paul Pesthy, New York A.C.

- 3rd:** Frank Anger, Western N. Y.

The 1961 Foil Champion, Larry Anastasi of Salle Csiszar, added the epee crown to his record by defeating Pesthy and Anger in a three-way fence-off for first. Larry's reputa- tion for patience and strip aplomb stood him in good stead throughout the long event which had 81 entries. Judging from the pre- vious consistency of the finalist involved, this was the strongest individual event.

Two ranking fencers did not compete: Bob Beck, 1961 Champion, and Jim Margolis. Defending champion Gil Eisner went out in the semi-finals, as did Olympic finalist Richard Pew. Pew as eliminated by 4 touches for, after a three-way fence-off with Mutschenbacker and Morales.

SABRE TEAM

Sherman Hall Trophy

Champion: New York AC (Keresztes, Poirser, Pongo, Richards)

2nd: Fencers Club (Blum, Faber, Mayer)

3rd: Pannonia AC (Baker, Biagini, Magay)

The New York AC made a successful defense of its title by again defeating a highly touted Fencers Club team of Blum, Farber and Mayer by an impressive 5/1 score in the final. The Pannonia AC was third despite the fact that Resch could not compete because of an injury. The champions lost only six bouts throughout the event.

SABRE INDIVIDUAL

Dr. G. M. Hammond Memorial Trophy

Champion: Eugene Hamori, Salle Csizsar

2nd: Attila Keresztes, New York AC

3rd: Lt. Alfonso Morales, USN, Modern Pentathlon

Eugene Hamori of Salle Csizsar regained the crown he held in 1960 by defeating Keresztes 5-1 and Morales 5-2 in a fence-off. Keresztes placed second by defeating Morales 5-3.

Informed observers were of the general opinion that this year's event was one of the weakest in recent years. Undoubtedly this is due partially to the fact that Magay, Orley, Resch, Twardokens and Pan American medalist Pallaghy did not compete.

Defending champion Dasaro placed fifth, while Pan Am team members Blum and Meyer were eliminated in the semi-finals.

Final

Eugene Hamori, Csizsar, 6/2; 2. Attila Keresztes, NYAC, 6/2; 3. Alfonso Morales, Pentathlon, 2; 4. Walter Farber, FC, 5/3, 30 t.r.; 5. Michael saro, Pentathlon, 5/3, 31 t.r.; 6. Barry Pariser, AC, 3/5, 31 t.r., 29 t.g.; 7. Gerard Biagini, C, 3/5, 31 t.r., 25 t.g.; 8. Jack Keane, NYAC, 7, 36 t.r.; 9. Edwin Richards, NYAC, 1/7, t.r.
fence-off: Hamori d. Keresztes 5-1 and Morales 5-2
 Keresztes d. Morales 5-3

3-WEAPON TEAM

Champion: U.S. Pentathlon (Dasaro, foil; Stoll, epee; Morales, sabre)
Runner-up: Salle Csizsar (Davis, foil; Anastasi, epee; Hamori, sabre)
Third: New York AC (Richards, Keane, foil; Spinella, epee, Keresztes, sabre)
 The U.S. Modern Pentathlon won over the Salle Csizsar with dramatic victories by Morales over Hamori in sabre and Dasaro over Davis in foil. Morales, who had a perfect record in sabre, also defeated Keresztes and thus avenged the losses that he suffered the individual fence-off. Dasaro also surprised by defeating Richards in foil.
 If the Salle Csizsar or the New York AC had won this event they would also have won the Martini & Rossi Trophy. The Fencers Club, with 41 points, had been eliminated by Faulkner in the semi-finals. The NYAC entered the final with 36 points and the Salle Csizsar with 35.

CLASSIC, OR NOT CLASSIC

by Nicholas G. Toth

Fencing Master, U. S. Air Force Academy

This article is not meant to argue with Mr. Csizsar ("Fencing is Not Ballet", May issue of American Fencing), it is merely a difference of opinion.

We know fencing is not ballet, but according to the science of human motion we also know that fencing and ballet are closely related. The classical form is certainly not the "magic formula" for becoming a successful competitor or even a good fencer, but it is the basic element. It is an imperative component for a young fencer, especially if he also has good competitive temperament. Many great prospects, talented intermediate fencers, lose the desire to continue fencing because they lack the classical form and fundamentals and find they don't have the tools to progress further.

If somebody would make a study of why the majority of the fencers are not successful year after year in the NCAA or the National Championships, he would find the following factors: (1) lack of classical fundamentals, (2) poor competitive attitude, (3) poor coordination, (4) weak technique, (5) poor tactics, etc. The NCAA Championships are a mighty demonstration of the growing American fencing, yet it is obvious even to a layman that while many fencers have greatly different form and style, as many have no form or no style at all. The statistics indicate a very large percentage of the NCAA participants will not improve their fencing and will not continue the sport. Why? Because they are lacking the classical fundamentals. We in the U. S. are not united in purpose. Almost every coach has a different idea as to teaching method, technique, form and style. This is not so with the French, Hungarians, Italians, Poles or Russians. It is one of the factors contributing to the weakness of American fencing. In this state of confusion we have only one positive fact—the classic form—if somebody can teach it.

Classic form is not static. It has progressed generation after generation with the aid of great methods teachers, and sequence by

sequence in the past decades. It has lost its stiffness and become very mobile. The great international fencers today are classic in their lessons, and add their own cadence to it in combat. This is fine. They are classic and modern. No one of them was brought up to the international level with sloppy form and style.

Why must we teach the classical form? Because it is the only form (or position) which is favorable to the beginner. Take the "on Guard", which is the activity position in fencing. If the position is classic and correct, it will be much easier for the beginner to initiate a movement; it is easier for the teacher to coordinate the hand and leg motions of the pupil. If the guard position is not correct, the student will have difficulties in moving smoothly — and coordination will be more difficult. If he doesn't coordinate well, he will be unable to perform a compound action properly. The result is sloppiness, the teacher will have an unpleasant time and may even be unable to correct his pupil's faults, and, usually, a tragic thing will happen; the student will lose faith in his teacher.

Conclusion: in the past, many funny suggestions have appeared in these pages. Somebody suggested a Swedish type stiffening calisthenics, another favored skiing for the fencer. Next we will probably see underwater swimming and mountain climbing recommended. It seems everyone involved in fencing is searching for a way out of the hazy depths of American fencing. This is fine, but a snobbish suggestion has no value — it is in fact harmful. The classic idea is with us and will remain with us in any modern evaluation.

PLEASE!

The Southern California division would appreciate it very much if the person that inadvertently walked off with one of our red handed stopwatches during the '63 Nationals Women's Team competition would return it to us.

OLYMPIC SQUAD

The following lists constitute the revised Olympic Squad in each weapon as of July 15, 1963 and indicate the points earned. Wherever there was an unresolved tie for a place or places the applicable points were totalled and divided equally among those tied. Points are awarded to eligible fencers only. The points to date are shown in parenthesis. Criteria for action was published in the May 1963 issue.

WORLD CHAMPIONSHIPS 1963

The World Championships at Gdansk, Poland, were beautifully organized. The USA is represented in six of the eight events but unfortunately was not able to field a strong team because of the time element involved in competing in the Nationals at Los Angeles and the World event in Poland two weeks later.

Only Mike Dasaro was able to reach a direct-elimination round in the individuals and he had the misfortune of drawing Pawlowski in the round of 24. He lost by only one touch. The following is taken from the records sent to the FIE Bureau.

Foil

The three U.S. entries were eliminated in the first round as follows: John Farrell and Joseph Paletta with 0/5 records. Al Davis defeated Mano of Japan 5-4 but lost to Imuti (Hungary), Drimba (Rumania), Caworne (Gr. Br.) and Svendsen (Denmark).

The final results: A triple tie for first round two fence-offs, and standings were 1. Magnan (France); 2. Parulski (Poland); 3. Franke (Poland); 4. Midler (USSR); 5. Revenu (France); 6. Skrudlik (Poland); 7. Myskyns (Gr. Br.); 8. Kamuti (Hungary).

Foil Team

The U. S. was eliminated in the first round by Germany and Hungary. Against Germany, Farrell and Dasaro each won one while Paletta and Davis lost four; against Hungary, Farrell won one while Paletta, Dasaro and Davis lost four.

The final — USSR won over Poland 8/8 and 59/60. Third went to France over Hungary.

Women

Madeline Miyamoto passed the first round on a fence-off. She defeated Revenu, France, 4-3 and Ulrich, Austria, 4-1 and lost to Sakovics, Hungary, 4-1, Nikanczykova, USSR, 4-1 and Ogero, Italy, 4-2. Marcia Mosley lost all six bouts in her pool. Evelyn Terhune was eliminated when she defeated Gallen, Finland, 4-2 and Mockler, Austria, 4-2 but lost to Szabo, Rumania, 4-3; Cymerman, Poland, 4-1, Foldescy, Hungary, 4-1 and Cathie, Gr. Br., 4-3. Carol Kuzen was also eliminated after defeating Berger, S. Africa, 4-3, Oowada, Japan, 4-2 and de Baer, Venezuela 4-3 but losing to Botbijn, Holland, 4-3, Mousset, France, 4-3 and Wintèr, Austria, 4-2.

Miyamoto again defeated Revenu 4-3 in the second round, but dropped out after losses to Szabo 4-3, Winter 4-3, Kovacs 4-3 and Richter 4-2.

The final: 1. Rejto, Hungary; 2. Sakovics, Hungary; 3. Juhasz, Hungary; 4. Szabo, Rumania; 5. Ragno, Italy; 6. Zabelina, USSR; 7. Masciatto, Italy; 8. Mousset, France.

Women's Team

The U. S. was eliminated in the first round by France and Rumania. Against France (12/4) Miyamoto won 2, Terhune 1, Kuzen 1 and Mosley 0; against Rumania (9/2) Terhune won the two bouts while Miyamoto and Mosley lost two and Kuzen three.

Epee Team

The U.S. entered no team.

The final: 1. Poland, 2. France, 3. Hungary, 4. USSR.

Arizona by Lucy Logan

Epee Championship: 1. Ivan Marquez, Tuscon FC; 2. Nick Olson, U of A; 3. Art Olson, U of A.

Sabre Championship: 1. Dave Logan, Phoenix Y; 2. Nick Olson, U of A; 3. Derewood Bible, Phoenix Y.

Foil Championship: 1. Charles Mehard; 2. Nick Olson, U of A; 3. Derewood Bible, Poenix Y.

Women's Championship: 1. Toni Atmore, Phoenix Y; 2. Yvonne Gallego, U of A; 3. Sharyn Galway, Arcadia HS.

Epee

Our three entries were eliminated in the first round, although John Farrell just missed on a fence-off with Van den Driesche of Belgium. Farrell defeated Chiari, Italy, 5-3, Abrahamsson, Sweden, 5-3 and Bors, Norway, 5-5 but lost to Melzig, Germany, 5-2, Bourquard, France, 5-4 and Van den Driesche 5-3. Mike Dasaro defeated Norovirta, Finland, 5-3 but then lost to Geuter, Germany, 5-3, Lagerwall, Sweden, 5-1, Kurczab, Poland, 55-0, and Barany, Hungary, 5-0. Al Davis lost six bouts in his pool.

The final: 1. Losert, Austria; 2. Dreyfus, France; 3. Kostwa, USSR; 4. Saccaro, Italy; 5. Abrahamsson, Sweden; 6. Klein, Belgium; 7. Malzig, Germany; 8. Breda, Italy.

Mr. Franco Luxardo (left) presents trophy to Zoltan Horvath

LUXARDO INTERNATIONAL SABRE

The 6th annual tournament was held in Padua and was attended by 106 fencers from six countries.

Zoltan Horvath of Hungary won, with Attila Kovacs, son of the great Olympian Pal Kovacs, a surprising second over Italy's Calarese and Narduzzi.

Scores: Horvath d. Kovacs 10-4, Narduzzi 10-7, Calarese 10-8; Kovacs d. Narduzzi 10-6, Calarese 10-8; Calarese d. Narduzzi 10-7.

Other finalists, Picchi, Italy; Mendelenyi, Hungary; Meszent, Hungary; Ramez, France. Parent, Roulot, Pezsa and Bakonyi were eliminated.

Sabre

Dasaro and Alex Orban salvaged some of our sagging prestige by passing the first round cleanly. Orban placed third in his pool by defeating Ramaz, France, 5-3, Mustata, Rumania, 5-2 and Spiredonow, Bulgaria, 5-3. He lost to Calarese, Italy, 5-1 and Mezena, Hungary, 5-0. Dasaro qualified fourth by beating Kossugi, Japan, 5-1 and Pfeifer, Germany 5-3 but losing to Rylski, USSR, 5-4, Kostner, Germany, 5-4 and Ulrich, Austria, 5-4.

In the second round Orban defeated Drumbe, Germany, 5-4 but lost to Calarese again 5-1, Mawlichanow, USSR, 5-4, Piatkowski, Poland, 5-4, Ramaz, France, 5-4 and Kovacs, Hungary, 5-2. We can't help but wonder why he had to meet both Calarese and Ramez again in the very next round and a victory in any of the three 5-4 losses might have given him a fence-off. Mike Dasaro qualified cleanly to the direct-elimination round by defeating Zablocki, Poland, 5-4, Mendellenyi, Hungary, 5-4, Ulrich, Austria, 5-0 and Parent, France, 5-2. He lost to Rylski, USSR, 5-1 and Salvadair, Italy, 5-4.

With such an impressive performance it was unfortunate that Dasaro had to face Pawlowski in the very first direct-elimination match. As it was, reports indicate that Dasaro got some good breaks early in the bout but that when the score was 9-9 the decisive touch should have been his but was awarded against him.

The final: 1. Rylski, USSR; 2. Pawlowski, Poland; 3. Calarese, Italy; 4. Bakonyi, Hungary; 5. Lafevre, France; 6. Ochyra, Poland; 7. Kovacs, Hungary; 8. Mawlichanow, USSR.

Sabre Team

The U. S. had no team.

The final: Poland and USSR tied in the deciding match, 8/8 and 62/62. Pawlowski who had won two in the regular match, was picked to meet Mawlichanow who had won three with only 7 touches against him in four bouts. Pawlowski d. Mawlichanow 5-1 to give Poland the title. Third place went to Hungary over Italy.
