The FIE Ethics Code ("Code") defines the principles of conduct that should regulate sports and administrative activities of the entity and the FIE Family. The Code aims to promote and safeguard the ideals of dignity, integrity, cooperation, sportsmanship and fair competition, which should characterize the performance of all components of the FIE Family.

The FIE Community includes: directors, officers and members of the FIE, the Member Federations and Confederations recognized by the FIE and their managers, the members of the Organizing Committees of official competitions and the representatives of the candidate cities for the organization of official competitions as well as fencers, coaches, referees, other members of national delegations participating in any competition or event developed under the umbrella of the FIE, and as applicable, employees, partners and service providers directly or indirectly linked to the FIE.

#### **2. ETHICAL FUNDAMENTALS, PRINCIPLES AND RULES**

1. It must safeguard the dignity of any person as a fundamental requirement of Olympism and the FIE.

In case of doubt as to value, the FIE Family member may request an opinion of the Ethics Committee.

Invitations for trips offered by the organizers of competitions or events, or the Member Federations (except the one of which the officer is member), that are not based on a cooperation agreement between the organizer and the Member Federation or the FIE, must be declared to the Ethics Committee before the trip occurs. The Ethics Committee may suggest that such person decline the invitation if it is contrary to the Code.

Any form of corruption that might undermine public confidence in the integrity of a sporting contest is fundamentally contrary to the spirit of sport and must be eradicated.
- 1.2 The International Fencing Federation ("FIE") has adopted these rules ("Rules") as a means of safeguarding the integrity of the sport of fencing by (i) prohibiting any conduct that may impact improperly on the outcome of its events and competitions and (ii) establishing a mechanism of enforcement and sanction for those who, through their corrupt conduct, place the integrity of fencing at risk.
- 1.3 The FIE is committed to taking all practical and reasonably possible steps within its power to prevent corrupt practices that would undermine the integrity of the sport of fencing. This commitment shall include:
  - (a) raising awareness of these Rules at all levels, including using existing and/or suitably adapted educational programmes and tools to provide information and educational materials to the widest possible target audience;
  - (b) establishing the best means of monitoring sports betting at International competitions, including monitoring any irregular betting patterns that may occur;
  - (c) establishing the best means for the receipt of third party information on a confidential basis, for example, by establishing an information 'hot-line';

## MODIFICATIONS TO THE ORGANISATION RULES

### o.32. 2.

After the round of pools, the 16 fencers ranked highest on the general index (cf. o.19) are exempt from the preliminary direct elimination table. Should there be a tie between two or more fencers for the 16th place, there will be a barrage for 5 hits to decide who is ranked 16th. **Application as follows:** starting with the season 2016-2017.

---

### o.40

1 All the fencers qualifying from the round of pools are placed in a direct elimination table, complete or incomplete, according to the **indices resulting from the pools**. This table is fenced right through to the final.

2. From the last 32 the direct elimination bouts will take place ~~on 4 pistes, with each quarter of the table fenced on one piste.~~

To do this the national federation must address a request to the FIE to add a fencer, together with immediate payment of the penalty.

**5. Changes of names**, only with the agreement of the FIE and ~~only for reasons of 'force majeure'~~, can only be made at the latest up to 24 hours before the start of each event

---

### ***Participation***

**o.78**

**1.** For **Grand Prix competitions and Individual World Cup competitions**, both Senior and Junior, at each weapon, each national federation may enter a maximum of 12 fencers. The organising country may enter up to 20 fencers plus the number needed to make up the pools.

**2.** For **Individual World Cup competitions outside Europe**, the organising country may enter up to 30 fencers plus the number needed to make up the pools.

---

**o.79**

For **juniors and seniors Individual Zone Championship competitions**, at each weapon, the federations may enter up to 4 fencers.

For **juniors and seniors Team Zone Championship competitions**, at each weapon, the federations may enter 1 team (consisting of three fencers with or without a reserve).

---

**o.87**

**1.** The organisers must submit the programme of events to the Executive Committee for its approval.

2. The programme must be arranged in such a way as to allow any fencer to participate in all weapons. Team events must be held on the day following the last championship of the three categories of each weapon.
  3. No changes of dates are allowed for any competition, after the release of the programme.
  4. Each competition must be held in one single day, avoiding long periods of inactivity.
- 

#### **o.88** Entries for competitions

1. Entries must be sent to the organisers by the competitors' national federation. Entries must be sent not later than one month before the beginning of the championships.
  2. However, up to two days before the competition at noon (local time), fencers may be added by their national federation after payment to the Organizing Committee of a penalty equal to 100 % of the registration fee.
  3. Entries for team championships must be forwarded to the Directoire Technique not later than 4.00 pm (local time) of the day before the competition.
- 

#### **o.89**

At the Veterans World Championships, entries for the individual events are limited to four fencers in each category per gender, per weapon and per nation. The names must be the same as those on the FIE licences.

---

#### **o.90** Composition of the pools for individual championships

When drawing the pools, the Directoire Technique will take into account the following orders of strength:

1. The 64 highest ranked from the addition of the results in the previous two last years Championships, irrespective of age category changes;
  2. All other fencers in order of age, starting from the youngest.
  3. The allocation of fencers in the pools must be made in such a way as to place fencers of the same nationality, as far as possible, in different pools, by moving them down the ranking as necessary.
  4. If in any category there are fewer than ten competitors, the competition is held as a poule unique followed by direct elimination.
  5. If in any category there are fewer than 6 competitors, they will fence with the next lower age category. A separate ranking for that category will be extrapolated from the combined categories' final rankings at the end of the competition.
  6. If in any category there is only one competitor, the event in that category is cancelled.
  7. No fencer is eliminated after the pools, all are entered into the direct elimination.
- 

#### **o.92.** Team championships

##### 1. Participation

Each country can enter one team per gender and per weapon, thus giving a total of 6 competitions.

2. The rules for team championships are applicable with the following exceptions:

- a) For each weapon, the teams are composed of three fencers of the same nationality, one from category "A", one "B" and one "C" with or without reserve for each category. A team cannot begin the match if it is not complete.
  - b) In the case of a team being short of a fencer in any of the weapons the team may use a fencer who has competed in the individual championships at another weapon, but his/her ranking will be deemed to be the last ranking at that weapon plus 1.
  - c) The teams are placed in the pools according to the ranking of the three fencers in the individual championship, the highest place for the team having the lowest total. All the fencers registered for the team event must be present at the piste before the start of the match.
  - d). Each team may ask to substitute a fencer before the start of a bout, except in case of injury duly recognized by the Medical delegate, when the substitution can be immediate. There can be only one substitution per match.
3. A fencer who has been replaced because of an injury may not fence again during that match. If both a fencer and the reserve, if any, are forced to retire, or if a fencer is excluded, their team is deemed to have lost the match.
  4. The relay system is always applied. The three fencers of a team fence against their opponent of the same category. Each fencer fences his/her opponent twice giving a total of 6 bouts. The bouts are for 5 hits (5-10-15-20- etc.); the maximum time for each bout is 3 minutes.
  5. The team that first reaches the maximum score of 30 hits, or that which has scored the greatest number of hits after the expiry of regular time, is the winner.
  6. The order of categories for each match is established by the referee with the captains on the piste prior to the start of the match: The referee will "toss a coin" and the winning captain will choose the first category in the order. The losing captain will choose the second category.
  7. The competition consists of a round of pools of 3 or 4 teams, in which all the teams participate, and a direct elimination phase for a maximum of 16 teams, the other teams will be classified according to their place after the round of pools.
  8. If there are fewer than 6 teams, they all fence in a poule unique, a match for the 3<sup>rd</sup> and 4<sup>th</sup> places is then held, followed by a match for the first place between the teams who came 1<sup>st</sup> and 2<sup>nd</sup> in the pool.
- 

## **o.94**

### Invitations for international officials

1. Any proposed candidature for organising the World Championships must be studied at the venue concerned by a delegate designated by the Executive Committee, at the invitation of the candidate federation.
2. The organising committee of the World Championships, who will receive all the entry fees from the participating delegations, must, at their own expense, invite the following international officials (tourist-class return air fare, accommodation and daily allowances):
  - a) The President of the FIE or his representative, who presides over the World Championships and, in particular, controls the smooth running of the Directoire Technique.
  - b) **Four** members of the Directoire Technique appointed by the Executive Committee of the FIE, one of whom must belong to the organising country.
  - c) One member of the SEMI Committee, appointed by the Executive Committee of the FIE.

- d) One member of the Refereeing Committee, appointed by the Executive Committee of the FIE.
- e) One member of the Medical Committee, appointed by the Executive Committee of the FIE.

These officials should preferably be selected from the Zone in which the Championships are being held.

## MODIFICATIONS TO THE TECHNICAL RULES

### t.17.

2. For foil and épée, ~~the~~**The Referee places** each of the two competitors in such a way that the front foot of each is 2 metres from the centre line of the piste (that is, behind the 'on-guard' lines).

For sabre, the referee places each of the two competitors in such a way that the back foot of each is 2 m from the centre line of the piste (that is, in front of the "on-guard" lines).

**Application as follows:** the tests have to be done after the Olympic Games and until December 31, 2016 and, according to the ad hoc Commission, the Executive Committee will decide if the rule will be applied for the rest of season 2016-2017.

---

### t. 17.9

If a fencer crosses the lateral boundaries of the piste, with one or both feet, he must be placed on guard at the correct distance, even if this means that he is placed behind the rear line and thus causes a hit to be awarded against him. (cf t.28, t.102).

---

### t.18.5

The order 'Halt!' is also given if the play of the competitors is **dangerous, confused, or contrary to the Rules**, if one of the competitors is **disarmed** or **steps off the piste**, or if, while retiring, he approaches too near the spectators or the Referee (cf. t.26, t.54.5 and t.73.4.j).

At foil it is forbidden, during the course of fencing, to advance the shoulder of the non-sword arm in front of the shoulder of the sword-arm (cf.t.19). If a competitor does so he is liable to incur the penalties enumerated in Articles t.114, t.116, t.120. Any hits scored by the fencer at fault while committing this offence will be annulled.

**Application as follows:** starting with the season 2016-2017.

---

### t.33. 1.

For an **injury or cramp** which occurs in the course of a bout and which is properly attested by the delegate of the FIE Medical Committee or by the doctor on duty, the Referee will allow a break in the fight lasting no longer than **5 40** minutes. This break should be timed from the point when the doctor gave his opinion and be strictly reserved for the treatment of the injury or cramp which brought it about. If the doctor considers, before or at the end of the **5 40** - minute break, that the **fencer is incapable of continuing** the fight, he will decide that the fencer should retire (individual events) and/or be replaced, if possible (team events) (cf. o.44.11.a/b).

**Application:** this proposal will be tested during the 2016 J/C World Championships.

---

**t.120 cat 1:** Reversing the line of the shoulders.

**Application as follows:** starting with the season 2016-2017.
