PRESIDENT'S CORNER

Raising:

Responses to our advertisements in American Fencing and our personalized campaign funds to have U.S. fencers participate in World Championships in Moscow (July 1966) have been encouraging. To date individual contributions ranging from \$5.00 to \$10.00 have been received from many sections of the country. It is gratifying to realize that fencers are aware of our problems and to help.

Our final appeal for funds is contained in this issue. We want to send as large a contingent of fencers as possible. Please support American fencers.

Membership:

Continuing progress is evident. Several of our Divisions, notably New Jersey and South-California, will exceed their 1964-65 membership by a considerable margin. Congratulations.

Olympic Affairs:

A major conference on U.S. Olympic de-

velopment activities is scheduled in Washington for May 18 through 21. Appointments to the U.S. Fencing Development Committee have not yet been finalized pending ascertainment of the scope and extent of the Program as well as the funds that may be available for fencing.

Norman Lewis.

SOUTHEAST CHAMPIONSHIP

by Manny Forrest

The first Sectional Championship for the newly created Section will be held on May 28 and 29 at the Miami Dade Junior College, Miami, Florida. Trophies for the regular events have been donated by George Santelli and a sponsor is being sought for the Under-14 Championship.

NATL. CHAMPIONSHIPS

June 25 - July 2, 1966

Long Island University, Brooklyn, N.Y.

AFLA SPECIAL MEETING

A quorum was present at AAU House on April 12, 1966, and the following amendments to the By-Laws were approved for final consideration at the Annual AFLA Meeting on July 2, 1966:

1. Amend Article VII, Section 2, by adding a new paragraph to read:

"(B)—Vacancies in the office of Additional Director occurring between annual meetings of the Division shall be filled for the unexpired term by the Executive Committee of the Division."

2. Amend Article VII, Section 12, by adding a new paragraph to read:

"Any member of a Division against whom disciplinary action in the nature of exclusion from future competitions has been taken by the Division shall, within ten days after notice of such disciplinary action, have the right to appeal to the Board of Directors. Upon receipt of an appeal, the Board or its Executive Committee, shall appoint a committee of not less than three members to investigate the circumstances of the disciplinary action so taken and report to the Board thereon at its next meeting. After considering the report and affording an opportunity to be heard to the disciplined member and to a representative of the Division approving the disciplinary action, the Board may, by a majority vote of the members voting, sustain the appeal and either modify or vacate the disciplinary action."

3. Amend Article XIII, Section 6, by deleting the present text and inserting the following:

"There shall be an annual meeting of the Division, of which there shall be at least 10 days written notice, and a quorum shall consist of either seven members of a Division or a majority of the members of a Division, whichever number is less, present in person or, if the Division By-Laws so provide, by proxy."

4. Amend Article XIII, Section 7, by deleting the present text and inserting the following:

"At the Annual Meeting of the Division, candidates for the offices of Chairman,

Vice Chairman, Secretary, Treasurer (Secretary-Treasurer), Additional Director and such additional members of the Executive Committee as the Division shall in By-law provide, may be nominated or elected in accordance with procedure established by the Division in its By-laws.

5. Amend Article XIII, Section 8, by adding three new paragraphs to read:

"Vacancies in any Divisional office except Chairman or Vice Chairman occurring between Annual Meetings of the Division shall be filled for the unexpired term by the Executive Committee.

"In the event of a vacancy occurring in the office of Chairman between the Annual Meetings of the Division, the Vice Chairman shall perform the duties of the Chairman for the unexpired term.

"In the event that both the office of Chairman and the office of Vice Chairman become vacant, the Executive Committee shall call, upon 15 days written notice, a special election meeting of the membership of the Division to fill these vacancies.

6. Amend Article XIII, Section 14, by deleting the present text and inserting the following two paragraphs:

"Sectional and Divisional Executive Committees shall have the power to impose disciplinary penalties of expulsion or exclusion from competition for improper conduct connected with any competition under their jurisdiction. The penalty of exclusion from future competitions shall be applicable to the Board of Directors as provided in Article VII, Section 12 of these By-laws.

"Sectional and Divisional Executive Committees shall refer all other disciplinary matters to the Board of Directors."

Ed Note: Some question has been raised about the notice of this meeting and the form of the notice. The March issue was in the manner at Terre Haute, Indiana, on March 10. Article XII, Section 1 of the By-Laws provide that any notice is valid **when mailed** (not delivered) to the membership. The form of notice identified the purpose of the meeting. The exact text to be considered at the Annual Meeting in July is set forth above that all members will have ample opportunity to study it before voting upon it.

NEUTRAL VIEWPOINT

by: Ted L. Hootman

The research article, written by Mr. Nick Fencing Master of the USAF Academy, is a serious study to find the "Achilles' heel" in American sabre fencing. Mr. Toth is in good faith and his findings should not be misconstrued as an attack against fencers or their coaches. Rather, we should regard his constructive study and try to strengthen our position in sabre fencing. We

Mr. Toth will write an article on those areas which did not result in touches, as well as areas of failures which will show a more comprehensive comparison.

Mr. Toth has an illustrious coaching background. He won the International Masters in Sabre at Innsbruck, Austria. He has developed many national champions and at the present time holds a tremendous college record.

It is hoped that his advice will be followed by our sabre men, who will represent the U.S. in future international competitions.

JULY 27 (5) - Add:

In all weapons, fencers' clothing must include a pair of stockings which will cover fully any part of the legs not covered by the trousers."

To comply with the new rule, we have available hard-to-find white fencing hose long enough not to leave a gap below the knee. Fine quality, 100% Nylon Helanca. No toe or heel. Fits snugly over athletic socks. Stays white. Easily laundered. Long lasting. One size fits all.

THIRD ANNUAL INSTITUTE FOR THE TEACHING OF FENCING JUNE 13-17, 1966

Again this year, the National Fencing Coaches Association's training institute is offered in cooperation with New York University's Department of Athletics. The institute, staffed by prominent coaches and outstanding fencing personalities, is designed to introduce participants to the latest techniques in both group and individual instruction. Sessions, scheduled for the morning and afternoon, are planned to be flexible enough to meet the needs of teachers of various levels of experience. As may be required, groups will be classified into intermediate and advanced sections for detailed work on particular topics.

Co-Directors: Hugo and James Castello, New York University.

Staff: Irv DeKoff, Columbia University; Louis Bankuti, Columbia University; Al Peredo, New York University; Michel Aloux, Coach, 1964 U.S. Olympic Fencing Team; Marty Schneider, Riverdale Country High School.

Special Lecturer: Joseph Byrnes, Armorer, 1964 U.S. Olympic Fencing Team.

Topics: Physical Conditioning for fencers
Safety procedures and practices
Systematic presentation of latest theories of attack and defense
Methods of instructing the beginning fencer, and the intermediate and advanced fencer
Psychological preparation and management of the fencing team
Fencing strategy and tactics for the competitor
Officiating and rules
Fencing equipment: care, storage, maintenance
Electrical fencing equipment; troubleshooting

What's in it for you on TWA?

Confidence.

The captain of your TWA jet has probably flown at least a million miles more than you have. Chances are he knows O'Hare Field in Chicago as well as Orly Field in Paris, because he works for the only airline serving 70 major U.S. cities and 18 world centers overseas. He may be a twenty-year man, but nobody at TWA is too ex-

perienced to learn a little more. So at regular intervals he takes refresher courses at the Trans World Airlines training center in Kansas City, a base so advanced that other airlines use it to train their flight crews. In short, he's a professional's professional. For reservations, call TWA or see your travel agent.

PRELIMINARY LIST OF A.F.L.A. JURY OFFICIALS

by Laszlo Pongo

In the past, there were numerous attempts to establish a method to select and develop juries for our competitions. Just about every enthusiastic starts were made to achieve our goal. However, we have seen the situation deteriorate in well-meaning, but damaging damning whys, wherefores, whatfors and everybody seems to agree that one of the urgent problems in the competitive field, waiting to be solved, remains the ranking.

Therefore: this year, the AFLA Committee desires to resolve the problem by the following: to establish an official list of Judges. Divisional Bout Committees are requested to cooperate and it is required that in all competitions the officially recognized judges, in order of priority of those present, to direct the bouts. Only in cases where official whose name appears on the list do not present, or to give experience to qualified officials, should the management use substitutes. If this becomes necessary, the names of those officiating should promptly be submitted to the AFLA Committee on Juries to be placed on the official list and recommendations should be made with regard to ranking.

We have compiled the list from all available data, personal knowledge and observation. The committee is aware of the fact that this list is neither complete nor accurate yet it is deemed absolutely necessary to make a list since a definite organization of Judges, incomplete, is preferable to the present disorganization. The list below is a suggestion on which it will be possible to establish a strong and authoritative body necessary for the development of the sport.

We request all Divisions to submit to the Divisional Committee, as soon as possible, all suggestions and/or corrections to the list below. We welcome all constructive suggestions for improvement.

We have many "experts" and "theoreticians" who tend to interpret the rules according to their own ideas, without having studied the latest Rules Book or digested published regulations and criteria. They might be well-

meaning but they must be compelled to subject their own interpretations to the official guide-lines if they are to be accepted as AFLA officials.

The setting up of our AFLA Jury list is based on the same principle as the International Directors list, and to simplify matters we have accepted the designation used by the F.I.E.-#1 representing the lowest category in ranking and #3 the highest.

In addition, we have a special class marked by "C" which signifies the Directors who hold F.I.E. Director's licenses. This group will have been promoted from the U.S. #3 list.

Requirements for qualification and promotion follows:

List #1—Any Fencer in good standing can request to be included with the approval of the Divisional Bout Committee Chairman or Divisional Executive Committee. Those on the list are eligible to judge in any Divisional Competition and in Sectional Championships up to and including the Quarter-Finals, and the National Championship preliminary rounds. They are also eligible to Direct in Divisional Competitions with the exception of those meets designated Group 1.

List #2—Upon **observation** by a minimum of three Directors from List #3 and at least one member of the U.S. Directors Committee who give their unanimous recommendation, a Fencer may be promoted to List #2 and will be eligible to direct all Divisional Championships, Sectional Championships and National Championships up to and including the Quarter-Finals and will be eligible to judge in any competition including the final rounds.

List #3—Upon **examination** by at least three members of the Judges Committee during the National Championships, a Fencer may be promoted to List #3 which should include only the top Directors in the U.S. and which should qualify the Director to request inclusion into the F.I.E. List #1.

Further proposals to create a semi-permanent body to govern the Judging in the United States will be made at the next Board of Directors meeting.

We hope the list below will be accepted by the membership without any personal resentment on the part of those whose names might not appear, or feel they should be ranked higher.

This is all the available data we have at the moment and we will be pleased to act promptly on any reasonable request for correction, provided supporting data accompany same. We ask that all such requests be submitted through the Divisional Bout Committee.

At this time the Committee has not included any professionals, although there are many highly qualified directors among them.

The current Rules limit the use of non-amateurs on the Jury and it is our intention to adjust this in the future.

ITALO SANTELLI CENTENNIAL

The Hungarian Fencing Federation held a Memorial Tournament to honor the 100th anniversary of the birth of Italo Santelli, and our own George Santelli was invited to attend the ceremonies for his father.

Italo Santelli was born in Italy and migrated to Hungary in 1897. Within nine years he revolutionized Hungarian sabre fencing and established the nation's domination of international and Olympic sabre championships which continues to this date.

H.W.F. HOSKYNS, M.B.E.

His many friends and admirers in this country will be pleased to learn that Bill Hoskyns has been awarded the M.B.E. (Member British Empire). The announcement was in the New Year's Honours List. Our congratulations on this distinguished mark of official recognition.

LEON AURIOL

by Harriet Brewster

We're finally moving ahead in Western Washington, thanks to the hard work of Leon Auriol, fencing master and graduate of the Academie d'Armes de France, who has settled in Seattle. When he first arrived he was photographed, televised, treated as a novelty but mostly ignored by a sporting community oriented to skiing, boating or football. The University of Washington was faced with the red tape of "breaking precedents" to permit fencing to be taught on campus by a qualified master. Mr. Auriol now coaches regularly at the University of Washington, Seattle University, Tacoma YMCA, and Simon Fraser University in Vancouver. His private followers are increasing fast, experienced fencers are popping out everywhere and our competitions are beginning to come to life.

Any visitors to Seattle—please bring your equipment and call us. We have something to offer now.

PATERSON WINS AGAIN

by Barbi Brill

Paterson State College successfully defended its 1965 title with an undefeated record of eight victories to win the 38th Annual V.F.A. National Championships held at Jersey City State.

Carol Abby, a junior at N.Y.U., went undefeated in 35 bouts to win easily, the Individual Title.

Nine of the thirteen member colleges competed in the two-day event, held at the New Jersey school. Ray Miller's Paterson girls had difficulty winning the title as their nearest competitors finished with two losses. Montclair State College and N.Y.U. were tied at 2 with Montclair having 82 bouts to Y.U.'s 67.

Second and third places in the individual event were decided by a touch count. Sheila Millman (Rutgers-Newark finished second with a record of 30-5, 54 touches against and Carol Mitteldorf (Paterson Co-captain) was tied with 30-5, (56 touches).

Fairleigh Dickinson U. at Teaneck finished fourth in the team standings with 5 wins, 3 losses. Jersey City was fifth with 4-4. A bout went unsettled Cornell University in sixth place with 3-5, 59 bouts and Newark-Rutgers in seventh place with 3-5 and 53 bouts. Fairleigh Dickinson U. at Rutherford finished eighth with 1-7 while Hunter College was last with no victories.

I.W.F.A. MEMBERSHIP

For the second time in as many years, non-member colleges have shown a desire to enter the Intercollegiate Women's Fencing Association National Championships. Unfortunately, in both cases, neither college filled the requirements of membership due primarily to their late entry or no entry at all.

The association would like very much to have new members but insists that its requirements be met. There are now thirteen members.

Any Bachelor degree granting college or university is eligible to enter a team of matriculated, undergraduated, full-time students in the championships on a divisional or non-divisional membership status. Such application for membership must be received prior to February 15th of the year in which participation is desired.

For those colleges that cannot meet membership requirements or those who cannot at this time become full members, the Association's Christmas Invitation is very often open to non-members.

For more information on either event and/or membership, please contact Elizabeth G. Rinaldi, vice-president and Chairman of the Membership Committee, 939 Washington Street, Hoboken, New Jersey.

SPECIAL AWARD

The 38th Annual I.W.F.A. National Championships banquet was the scene for several special awards this year, in addition to the regular team and individual awards.

Ray Miller, coach of the winning Paterson State College team was presented with the Coach of the Year award by George Santelli. In addition, the NFCA awarded Mr. Miller its certificate of Master Fencer for his many years of continued service and contribution to fencing.

Mr. Miller, a representative for the I.W.F.A. coaches, presented Tom Gerrity of Jersey City with a handsome weapon in commemoration of his retirement from active coaching. He is now Director of Athletics at Jersey City State College.

The founders of the 38 year old I.W.F.A. represented by Julia Jones (its first champion) and Dorothy Hafner de Capriles also an early champion, presented Madeline Dalton (another champion) with the First Founder's Day Medallion and display weapon for her many years of assistance and contribution to the Association. She again served on the bout committee this year, as she has done many times previously.

MIDDLE ATLANTIC INTERCOLLEGIATES

by Alexander Kiczek

Temple University, coached by Allan Kell finished with 57 points to take its second straight Middle Atlantic States Intercollegiate championship. Stevens Tech and Johns Hopkins tied for a strong second with 51 each, 23 points ahead of fourth place Lafayette. Temple won the three-weapon trophy (the Yale Cup, the saber team trophy) and shared the foil team honors with Johns Hopkins. Stevens Tech's epee team set a league record (23-1) to gain the team epee prize.

Jerry Lam, a Hopkins junior, was the new foil champion with an 11-1 record. Temple Joe Cohen was second as Eric Stewart Stevens earned the bronze medal. Saber individual ended with both Temple entrants tied at 11-1 each. A fence-off placed Dimi Merdziuszew first and defending champ David Paul, second. Bernie Tawfik of Hopkins, finished third. Carlos Grana, Stevens Tech junior, went 12-0 and became the first undefeated epee champion in the 15 year history of the league. His team mate, Will Kanal was close behind in second place with a 11-1 record, as 1965 champ, Walt Rose of Hopkins, finished third.

Another league mark was set as Grano gold medal boosted the Stevens record nine consecutive years that the Hoboken College has won at least one of the three individual league titles.

The Franklin D. Jones trophy, the annual team sportsmanship award was presented Haverford College.

1966 ICFA CHAMPIONSHIPS

by Jose R. de Capriles

New York University won its 15th Three-epoon crown in the 69th annual Inter-graduate Fencing Association Championships at Yale University. No other school apches NYU's string of victories in this rgest of all collegiate championships. On way to the title NYU also won the foil sabre team titles. The victory in foil was most remarkable in the history of the nament—Al Davis, Howie Harmetz and a Gaylor won 29 of their 30 bouts to core the defending champions from Co-ia by 8 victories. The sabre crown was lose call, a margin of one bout over mbia, but it was a succesful defense of title and marked NYU's tenth victory in weapon. The sabremen were Paul Apos-Dan Zimmerman and Dick Berke. Navy the epee team event by a two-bout mar-over Princeton and three bouts over the nding champions from Pennsylvania.

Columbia came back strongly in the indi-als, winning two titles and missing the d on a fence off.

Steve Weinstein won a surprise victory in foil against NYU's three finalists. He ad the regular final with only a 5-2 loss nst Al Davis. Davis was also 4/1, having to his teammate Mike Gaylor. Weinstein ed the tables on Davis, winning the fence-by 5-2. Gaylor was third.

Frank Lowy of Columbia was the only champion to be crowned with an undefeated record in the final. The runner-up spot in sabre went to Penn's Tod Makler who lost only to the champion. Third went to Mark Berger of Columbia.

Ronald McMahan of Penn won the epee in a fence-off with Richard Holzman of Columbia. Paul Pesthy of Rutgers was third.

TRACY JAECKEL

The President of the FIE has appointed Tracy Jaeckel his personal representative at the 10th Central American and Caribbean Games to be held in San Juan, Puerto Rico from June 11 to 25.

Mr. Jaeckel, who was a member of the 1932 and 1936 U.S. Olympic Teams, has served on the Directoire Technique at two Olympic Games, the first Pan American Games and at two previous Central American and Caribbean Games. He now lives a good part of the year in St. Croix and is President of the Virgin Islands Fencing Federation.

FENCERS, AWAKE!

A SHOWDOWN

IS BREWING IN MOSCOW,

AT THE WORLD CHAMPIONSHIPS, IN JULY

We have nothing to lose but our minor sport status.

Here is the chance to fight for a place in the international sun. Here is the chance to toughen and season a contingent of our best for the bigger and better fights to come.

Battle tactics call for a frontal assault by a force of fifteen, armed to the teeth. Cost of the operation is estimated at \$15,000, \$1,000 per fencer. Or, to put it another way.

**FIVE DOLLARS (\$5)
from each AFLA
member**

There's room at the top of the international ladder. But the top is guarded, like a fortress, by the enemy's elite. There's no easy way up. It has to be won, taken, hand to hand, man to man.

And the hard fight is worth it. The spoils of such victory add up to a dream! FENCING ASCENDANCY IN AMERICA.

- The admiration and esteem of major sport ranking
- Widely stimulated interest in fencing.
- Unprecedented growth of the sport throughout the land.

That's why we need your help to start the armor rolling East. Give us a hand to pick up the challenge. Send the \$5 that will send our fighters to Moscow! Of course, larger amounts are welcome.

JAN

by Alex Solomon

Jan's first reaction to the cover of the November 1965 issue of American Fencing was "a bad picture of Jan". And then, if you had a second thought, it is likely to be "it's a long time for anyone to dominate a sport".

You doubt about it that Janice Lee Romary's championships spread over fifteen years remarkable record. Not only does it stand out as the greatest number of fencing championships won by an American woman, in the whole history of American sports no other woman has surpassed this record of national domination in longevity. Didrikson, whose championships in tennis and field, golf, etc. extended from her javelin victory in 1930 to her last Open win in 1954. Stella Walsh's numerous medals in track also started in 1930 continued through 1951 but Stella (nee slawa Walasiewicz) was not American or trained. Nor was Helen Mayer, who won her first Olympic fencing gold medal for the United States in 1928 and her last American championship in 1946.

All other greats of American sports fall in behind Jan. Glenna Collet won six Golf Championships from 1922 through 1935; Helen Moody six in tennis from 1923 through 1931; and while Molla Bjurstedt won eight times from 1915 through 1926 she, like Stella Walsh, was not American born or trained and first hit this country already an outstanding tennis champion.

But having won more fencing championships and simultaneously maintained this level of fencing over a greater length of time than any other American woman is only a part, perhaps the lesser part of Jan's remarkable record. For Jan is not only a multi-champion but one of a very special type, a type so unique that neither fencing nor any other American sport has produced another like it. Not even in the most imaginatively uninhibited dramas of stage, cinema or television are you likely to see a character achieve what Jan has accomplished in her normal stride. For in addition to being eight times national champion, she is what no other American champion of any sport has ever been, the mother of two children, Lisa Loren, who will be eleven next month, and Charles York, who is six.

One just can't help wondering whether motherhood, in Jan's case, has not served as a fencing asset. For there it is—six of her eight championships were won after she became a mother. And both times she celebrated the birth of her child by winning the nationals in each of the following two years. Believe it or not.

If there is anything or anyone in the whole wide world of sport who in the smallest way could dull the luster of Jan's accomplishments, it is Holland's Fanny Blankers-Koen. Also a mother of two, she won four Olympic gold track medals in 1948. But to equate the one with the other is essentially a form of high praise for both. And just as Fanny gave credit to her husband, who coached her, Jan has pointed out "I could never have continued my fencing after my marriage in 1953 if Jerry had not turned out to be my greatest supporter—plus my parents, who also felt the same."

Ed Note: And what other girl has competed in five Olympiads - from 1948 to 1964 inclusive, with 1968 not far away?

HARMONIE INTERNATIONAL

by Arthur Meggs

With 118 entries the annual Harmonie International Fencing Tournament was completed in two days of strenuous fencing on the March 19-20 week-end. Trophies were presented at the dinner dance after which a film on the Tokyo Olympic fencing was shown.

Pacita Wiedel of the host club defended her title successfully in the Ladies Foil for the David Langer Memorial Challenge Trophy. Three of the four honours brought new champions in: Men's Foil, Roulal Sudre, Ithaca, NY, for the New Life Challenge Trophy; William Goering, Detroit, for the Carling Sabre Challenge Trophy and John Watkins, Detroit, for the Carling Epee Challenge Trophy.

Frank Anger, Ithaca, NY, captured the Individual High Point Trophy for a second year while the Harmonie Club took honours for a fourth year with the High Point Team Trophy.

NORTH ATLANTIC INTERCOLLEGIATES

by Sidney Schwartz

The 16th Annual Championships of the North Atlantic Intercollegiate Fencing Conference were held at Drew University in Madison, New Jersey.

The three-weapon team championship was won by the defenders from Paterson State, headed by Alfonse Sully, with 49 points. Also, coached by Sidney Schwartz, was the er-up with 47 points and Johns Hopkins, headed by Richard Oles, was third with 43.

Paterson also repeated in the sabre team championship, when Tim Szabo was undefeated and John Cilio had a 10/1 record. Also, with Bob Frey and Dave Kirchgess, placed second by one bout over Johns Hopkins with Mike Gross and Tom Towflic. The foil team title was won by Buffalo with 18 victories scored by Joe Paul and Jim Mello. Drew and Newark Engineering tied with 17 victories. Drew used Hap Holden and

Jerry Aronoff while Newark had Jeff Ruoff and Stan Karamanol.

The epee team crown went to Newark Engineering with George Polotcyniak and Mike Nelson. Second was a three-way tie among Paterson State (Lon Lawson, Edward Harrison), Pace (Paul Goldstein, Mark Weinger) and Johns Hopkins (Walt Rosett, Randy Perrine).

The final of six in the individual events produced some exciting bouts. The foil ended in a three-way tie with Jerry Lam (Johns Hopkins) winning the fence-off, followed by Paterson's Jack Zellner and Drew's Hap Holden. The epee and sabre champions were undefeated in the final and both are from Paterson State: Lon Lawson in epee and Tim Szabo in sabre. Second and third in epee went to Duane Harrington of RIT and Walt Rosett of Johns Hopkins. The sabre runner-up spot went to Tom Towfic of Johns Hopkins with third place to Charles Bobery.

DR. de GALL AIDS GROWTH OF SPORT

by Jim Boldin

Southern Methodist University, Dallas, Texas, this past fall again established itself as a leader when it appointed Dr. Emeric de Gall lecturer and fencing coach in the Department of Physical Education. Dr. de Gall, who has been fencing coach for S.M.U.'s Women's Recreation Association for five years, looks at his appointment as an indication of heightened interest in college fencing and a prophecy of more active competition in this area. Dr. de Gall also instructs fencing at the Cistercian Preparatory School (which was the first Dallas prep school to adopt fencing as part of the regular curriculum), conducts the intra-mural fencing program at the University of Dallas, sponsors the Dallas Sword Club, and operates his own salle. Somewhere sandwiched between all of these activities, he still finds time to donate his talents to the "Dallas Services for Blind Children."

Dr. de Gall started fencing in his native Hungary at the age of nine and received instructions from such great masters as Armentano, Berti, Szucs, and Santelli. By the late thirties he had won several championships and was established in the Hungarian First Class with saber, foil and epee. While competing under the colors of the Hungarian Police Officers Fencing Club in Budapest, he was elected and served as a regular council mem-

ber of the Hungarian Fencing Federat. After the Second World War Dr. de Gall lived the Hungarian Police Fencing Club began his professional fencing career.

In 1948 he fled Hungary to Canada where for two years he taught at the University of Western Ontario, and later at the invitation of the Royal Canadian Regiment in London Ontario formed the first active military fencing club in Canada. While in London, Ontario, Dr. de Gall was instrumental in organizing the Canadian Heroes Memorial Fencing Tournament which last year was held for eleventh time. Robert Foxcroft, a former London pupil, represented Canada at the Olympics in Tokyo and is presently the Canadian National Saber Champion.

The North Texas Division of the A.F.I. won the Connecticut Trophy for the 1964 season. This trophy is an award made yearly to the division most active in the development of fencing in its area. Dr. de Gall certainly be listed among the major contributing forces in winning this honor, advancing the art of fencing.

Heizaburo Okawa, National Foil Champion of Japan, has joined the Southern California Division for the duration of his stay in the United States. He is a member of Los Angeles Fencing Academy, whose former Master was Aldo Nadi. Tarao Mori, famed Kendo champion and well-known instructor in that weapon and in European weapons, is the new master at LAFA. He is also charged with the responsibility of preparing Okawa for the 1968 Olympics.

In the opinion of many fencers, the Spring Open Foil was the strongest and best-fought men's foil competition of the Division of the past 15 years, largely because of the high caliber fencing of Okawa, Berger and Andy Rivera, all of whom represent the same salle and who placed in that order.

1966 NCAA CHAMPIONSHIPS

by J. R. de Capriles

The NCAA Tournament held at Duke University was run on a pool basis rather than former complete round-robin. In the individual weapons there were four preliminary s, two semi-finals, and final pools of ten welye. For the team title the schools were ded into four 'divisions' from each of h four qualified for a direct elimination ixteen with a repechage.

YU (Davis, Scott, Apostol) was undefeated he team event and had to beat the cinnlla team from Army twice - once in the l of the regular elimination and again as winner of the repechage round. Army's ormanace was truly remarkable for a rela-y unseasoned team. The cadets (Summers, mbloom, Romash) were not impressive in individual events but learned quickly and to great heights in the team rounds. They ated the highly rated Navy team in the round of direct elimination, then took Detroit and Wayne before losing to NYU. y then defeated Temple and Wayne to get her crack at the powerful and experienced r York trio. The "Ivy League" did not pete.

YU took the foil crown when Al Davis 24 of his 25 bouts. A tie for second was lved on touches between Navy's Armando edia and Wayne's Ernest Heyman.

The epee title went to Bernhard Hermann lwa. Paul Pesthy of Rutgers and Dan tillon of Detroit tied for second and placed isted.

YU's Paul Apostol won the sabre champ-hip with 10/1 in the final. Again there a tie for second, with Wayne Boucher /ayne placing ahead of Mark Haskell of igan State.

HUNGARY'S PROGRAM

by Csaba Elthes

The official Hungarian sport paper reported (Feb. 4) that the Hungarian national fencing squad held 164 training sessions on seven competitions during the period October '65 to February '66. The training sessions include practices devoted to physical fitness: mainly cross-country running, soccer and bicycling. Any member who misses two sessions without serious reason is deleted from the roster. This four-month period is the "foundation" part of the year's training plan to be followed by the "preparation" and "maintenance" periods. All other iron curtain countries follow a similar program for their fencers.

THE HELENE MAYER

by Mary Huddleson

The 13th annual Helene Mayer competition for women was held at the University of California in Berkeley on the 3rd of April. It attracted a strong field of 30 Northern and Southern California fencers: eight A's, eleven B's, five C's, and six Unclassified. A newcomer and strong contender was El Bottbeijl from Holland, who has long legs and an excellent hand. Results of the final of nine:

1. Harriet King (Pannonia Athletic Club) 7-1
2. Tommy Angell (PAC) 6-2
3. Elly Bottbeijl (Salle de Nord) 5-3
4. Bernice Filerman (S de N) 4-4 (19 t.r.)
5. Maxine Mitchell (LA Fencers Club) 4-(21 t.r., 22 t.g.)

7. Pat Bernhard (S de N) 3-5
8. Julie Moore (Halberstadt) 2-6
9. Elizabeth Magay (PAC) 1-7

BOOK REVIEW

by William J. Lutzko

"Sabre Fencing" written by John Kardoss is the only English fencing text that deals exclusively with the subject of saber. Published in 1955, the book is intended to be so complete it can be used by beginner and expert alike. It extends from the elementary through the fine points of saber fencing.

This work is organized into seven logical parts, each dealing with a specific function of the art of saber fencing. Part I, which is introductory in nature, describes the historical background of fencing in general and of the saber in particular. Part II deals with footwork. Part III describes the control of saber, while Part IV goes into the details of cuts and parries. Part V is concerned with "Blade Attacks and Feints;" Part VI deals with timing of attack. Part VII is particularly interesting since it deals with the combat phase of fencing. Here the author leaves the area of mechanics to delve into that most important topic of competitive fencing, the tactics and strategy of competition.

Some new terminology used in describing actions is invented by the author, nevertheless, it is so clearly defined that there is no question as to its meaning. Furthermore, the book is so profusely illustrated, that even a beginner will find the most complicated actions easy to understand and execute.

The author is himself the first to admit that no book can take the place of good coaching.

This reviewer agrees with Mr. Charles de Beaumont of the English Federation that, "This is a most interesting and useful text book and will, I feel sure be very useful to those who are interested in the Sabre."

This book can be recommended as a teachers aid, beginner's text or reference text for those whose specific interest lies with saber fencing. Those interested in obtaining copies of this book are advised to write to the author, John Kardoss c/o Brooklyn Center, Long Island University, 385 Flatbush Avenue Ext., Brooklyn, New York 11201.
