## 1921 European Championships (Paris, FRA - 1921.VI.10-11)

Prior to 1921 there were a number of competitions that called themselves World Championships. These were usually challenge matches between two fencers each or both of which called themselves world champions. Prior to the establishment of the Federation Internationale d'Esgrime (FIE) in 1913, however, there was no international body to sanction a real world championship. It was not until after World War I and the 1920 Olympic Games, though, that the FIE finally sanctioned a championship. In these early championships, each country was allowed to enter a maximum of eight fencers.

From 1921 through 1936 (except in the Olympic years of 1924 and 1928) the FIE sanctioned yearly competitions called the "Championnats d'Europe" ("European Championships"). In spite of their name, non-Europeans were allowed to compete in them and so these competitions are considered to be the first world championships for fencing. It was not until 1937 that the FIE officially changed the name of the competitions from "Championnats d'Europe" to "Championnats du Monde".

### Men's Epee Individual (1921.VI.10-11)

The European Championships were held as one of the events during the Grande Semaine des Armes de Combat which ran from June 5 to 12 and included the French national fencing championships and other fencing events as well as shooting events. Only one European Championship event was contested: men's epee individual. Fencers from Belgium, Denmark, France, Great Britain, Netherlands, Romania, Sweden, and Switzerland competed. The format of the event was 3 rounds of pools with a final pool of 12. Bouts were for one touch. Lucien Gaudin was undefeated in the final pool.

## 1931 European Championships (Vienna, AUT - 1931.V.27-VI.4)

### Men's Epee Individual

68 competitors. Because of dissatisfaction with the judging during the men's epee event, the Italian team withdrew all of its epee fencers during the final round and threaten to boycott all future international competitions. A special congress of the FIE was held on 2 November 1931 to make peace with the Italian fencing federation. It had become obvious that an electrical scoring system had to be developed to minimize disputes about refereeing. A successful demonstration of an electrical scoring system was given at the Congress but some details had to be worked out and the equipment manufactured in enough quantity to become widely available and for the fencers to become familiar with its use.

### Men's Foil Individual (1935.VI.20-21)

In the men's foil individual, the final pool of 10 fencers lasted 7 ½ hours and ended with four fencers tied with seven victories. Because it was now too late to hold a fence-off of the four fencers and one of them had travel plans that required that he leave the next day, the top four were declared tied for first by the Jury of Appeal.

### 1947 Senior World Championships (Lisbon, POR - 1947.V.29-VI.10)

The 1939 World Championships had been scheduled to be held in Merano, Italy, from 31 August through 14 September but were canceled because of increasing hostilities in Europe. This was fortunate because World War II began on 1 September. No World Championships were scheduled or held between 1940 and 1946 because of World War II and reconstruction.

In 1947, the Egyptian sabre team's bronze medal was the first time a country outside of Europe won a medal in the fencing World Championships.

## 1949 Senior World Championships (Cairo, EGY - 1949.IV.10-24)

The only championship that had been held in 1948 was women's foil team because it was not on the program of the Olympic Games in London. The 1949 World Championships were the first to be held outside of Europe.

The format was to be pools until 16 fencers remain and then direct elimination with no fence-off for third place. The bouts with men's foil and sabre being 5 touches, women's foil 4 touches, and men's epee 3 touches. The DE matches would be 2 out of 3 bouts. A bout to decide third place was held in women's foil because of the small number of women's foil entries.

## 1950 Junior World Criterium (Nice, FRA - 1950.IV.1-2)

At the FIE Congress on 4 March 1948, the French proposed that a World Championship be held for fencers under 21 years of age. The proposal was rejected because "it was felt undesirable to multiply World Championships". The first FIE junior championships were held in 1950 with men's foil individual being the only event contested. 25 fencers competed from France, Italy, Luxembourg, Monaco, and Switzerland. Initially the age limit for these junior championships was twentyone. These competitions were originally called "Criterium Mondial des Jeunes" (or "Junior World Criterium") to satisfy those who did not want another World Championship. It was not until 1964 that their name was changed to "Championnats Mondiaux des Jeunes" and they officially became World Championships. The final rounds were direct elimination with no fence-off for third.

### Women's Foil Individual (1950.VII.13-14)

In women's foil individual there was a tie for first place. In the finals pool, Garilhe and Müller-Preis both had one defeat but in her final bout Müller-Preis fell and tore a ligament in her leg that had been injured in the team event. In the barrage bout for first place, Müller-Preis tried to fence while standing on one leg but after some exchanges fell to the strip and was able to stand up only after two attempts and obviously in great pain. The captain of the French team intervened and asked Garilhe to leave the strip and refuse to continue. A jury of appeal ruled that this was an exceptional circumstance not covered by the rules of fencing, annulled the barrage bout, and declared the two women co-champions.

### 1997 Veteran World Championships (Cape Town, RSA - 1997.VII.13)

A Veteran World Championships was held but only in men's epee and in three age groups 40-49, 50-59 & 60+. This competition was initially planned as demonstration events at the Senior World Championships but at some time they started being referred to as the first Veteran World Championships in Men's Epee. The article listing the events' results in L'Esclime magazine calls it a Veteran World Championship and so I'm treating it as such but there is some controversy as to whether this really was one.

#### Men's Epee 40-49

This was the only time that a 40-49 age group has been held at a Veteran World Championship.
